Benefits to Show Managers:

- NO-RISK Service, Proven Results
- FREE – No Out of Pocket Expense
- Generates EXCITEMENT
- Keeps Attendees on the Show Floor Longer

EXPO GOLF™ is our own unique putting challenge game for attendees of all skill levels. Whether a non-golfer or the avid golf enthusiast, attendees enjoy practicing their putting while playing a complete round of golf on the Trade Show Floor.

Attendees receive a scorecard upon entering the exhibit hall. Each participating exhibitor represents one hole on the Exhibit Hall "Golf Tour". As attendees visit each exhibitor listed on the scorecard they are encouraged to play the putting challenge and write down their score. Once they complete a round of golf, attendees submit their scorecard to win valuable prizes donated by the exhibitors they visited.

Exhibitors may provide their own putting challenge equipment or rent a high-quality putting hole from Event Marketing Consultants. Each exhibitor will receive a custom sign to place in their booth indicating their participation as one of the featured exhibitors on the golf tour.

The EXPO GOLF™ Putting Challenge is more than just a golf putting game - it is an interactive and fun way for exhibitors and attendees to do business on the trade show floor!
